SMELTER TEAMS PLAY POOR BALL

OVIEDO HOLDS JEWELS DOWN

Heavy Hitting and Poor Fielding Marks Game at Hayden in Which Millers Win; Smelter Team Pulls Bonehead Plays

BY BOB GIBSON

HAYDEN, May 28.—Two home runs and two base hits and twelve singles was what the Hayden fans were treated to in the game between the Millers and Smelter today in which the Millers won 12 to 9. Munsell, who started pitching for the Smelter was laid off all through the contest and was finally taken out in the eighth inning after Rayless, the first man up had doubled. Hughes who replaced him was also hit hard and while Dent, the Miller's pitcher was hit almost as hard, he was more fortunate in having better support.

Poor baseball was played by both sides, the Smelter club pulling two or three "bones" that a grade school team would be ashamed of while a couple of the Millers slept peacefully, being awakened only when hit by a thrown ball or by a base runner running into them.

The only feature of the game was the hitting of Stadell, Bookel and Duddy for the Smelter and Bayless, Arbogast and McDonnell for the Millers. Bookel the Smelter shortstop was hit five times making three hits and scored four runs which should have been enough to win an ordinary game. Stadell for the Millers fielded in good style.

By innings: R H E
Millers: 3 10 2 12 3—12 14
Smelter: 2 9 2 9 2—9 10 4

Batteries—Dent and Carlsch; Munsell, Hughes and Callan.
SUMMARY—Two base hits: Galea, Stadell, Bookel (2) Munsell, Bayless, Arbogast, McDonnell and Carlsch. Home runs: Duddy, Stadell. Bases on balls: Off Dent, 5; off Munsell, 4. Struck out: By Dent, 3; by Munsell, 2; by Hughes, 1. Double plays: Stadell to Guest to Arbogast, McDonnell to Guest to Arbogast. Umpire: Kelly.

PRINTERS NO MATCH FOR UPSTAIRS MEN

Republican Employees Clash in Annual Ball Game, Upstairs Men Winning in a Walk

Walloped, kiboshed, chased to the tall timbers, completely routed and stripped of all idea that they could ever play ball, the typographical force of the Republican yesterday afternoon learned a whole library of information on baseball from the business and editorial forces combined. Eighteen large runs, for the upstairs men, and only two small ones for the types.

The old idiom, said as it may be, that "Pride goeth before a fall" was never before so well demonstrated as yesterday afternoon on the Polk street grounds. For three straight years, the printers have beaten the upstairs men but yesterday happened to be the fatal day. How they hated it! It was about the bitterest pill that the downstairs force has had to swallow in years.

In one way it was a pitcher's battle. Bradley hurling for the upstairs men, was invincible. Time after time, the men from below, hurled their cohorts against his curves and straight balls, but all assaults were failures. As an example of his air tight performance, only one out was made at first. The rest of the time the printers fanned or popped up little easy ones that were handled in a polished manner by the air tight business office infield.

Perhaps the feature of the game was the base running of Circulation Manager Powell. He made a three bagger in the second inning, and ran so fast that when he got to third, it was necessary to stop the game for five minutes to let the cloud of dust which he had raised, settle. His mate in the outfield, Fred Myers, proved equally as sensational a performer.

Taking it all in all, the game was one sensation after another. Every time one of the amateurs caught a ball, it was some sensation in the palm of the left hand, whenever some one did into base, the sensation was in another place, but equally as painful. There is about the classic collection of sore arms, hands and legs around the Republican office this morning, that has ever been collected in one building in the history of creation.

KID DOUBLES TOURNEY ENDS AT THE Y.M.C.A.

Burton Baker and Lloyd Trille defeated all comers in the junior tennis tournament Saturday at the Y. M. C. A. courts. There were eighteen entrants or nine teams entered in the matches.

Baker and Trille make a good team combination as they play together well and each covers his own territory without interfering with his partner.

The hardest match was the one with Young and Harker, who put up a good battle, but were defeated 7-5, 6-2. This is the first double match tournament of the season and others will be held from time to time. All the boys who participated were under eighteen years of age.

Next Saturday a tournament of singles will be held for all boys under thirteen years of age.

TEMPE, May 28.—Backed by the fastest fielding team Tempe has turned this season, Good Ole Leachy Oviedo held Mesa runless and with but five hits to the ninth inning today and finished the game with the locals victors by a 5 to 1 score. Mesa, handicapped somewhat by the loss of Morris and Dodge who left this morning for Salt Lake, failed to connect when hits meant runs and only in the sixth and ninth innings succeeded in getting men as far as third base.

Tempe landed on Riggs for four hits in the first four innings that were good for as many runs. Bill Bowden replaced him and after allowing one more run and three hits held his opponents at bay.

This was ladies day at the Bear's park and a goodly number of the fair sex were out for the game. The Merchant's Band, too, was in the stand to enliven the occasion.

All members of Mr. Hill's family have been summoned to his bedside. Mr. and Mrs. Walter Hill, youngest son of J. J. Hill, and wife, arrived from Northcote, Minn., late tonight. Mr. and Mrs. J. N. Hill of New York also arrived tonight.

Shortly after 9 o'clock tonight Dr. Biggs and Dr. Gilfillan issued the following statement:

"Condition tonight less favorable and on account of the patient's age the outlook becomes extremely serious."

Dr. William J. Mayo said:

"Mr. Hill is a very, very sick man. At midnight there was no information forthcoming from the doctors regarding the condition of Mr. Hill. Earlier in the night the attending physicians said no further information would be issued unless a change occurred."

GERMANS DECLARE THEY ARE FOR U. S.

[Republican A. P. Leased Wire]

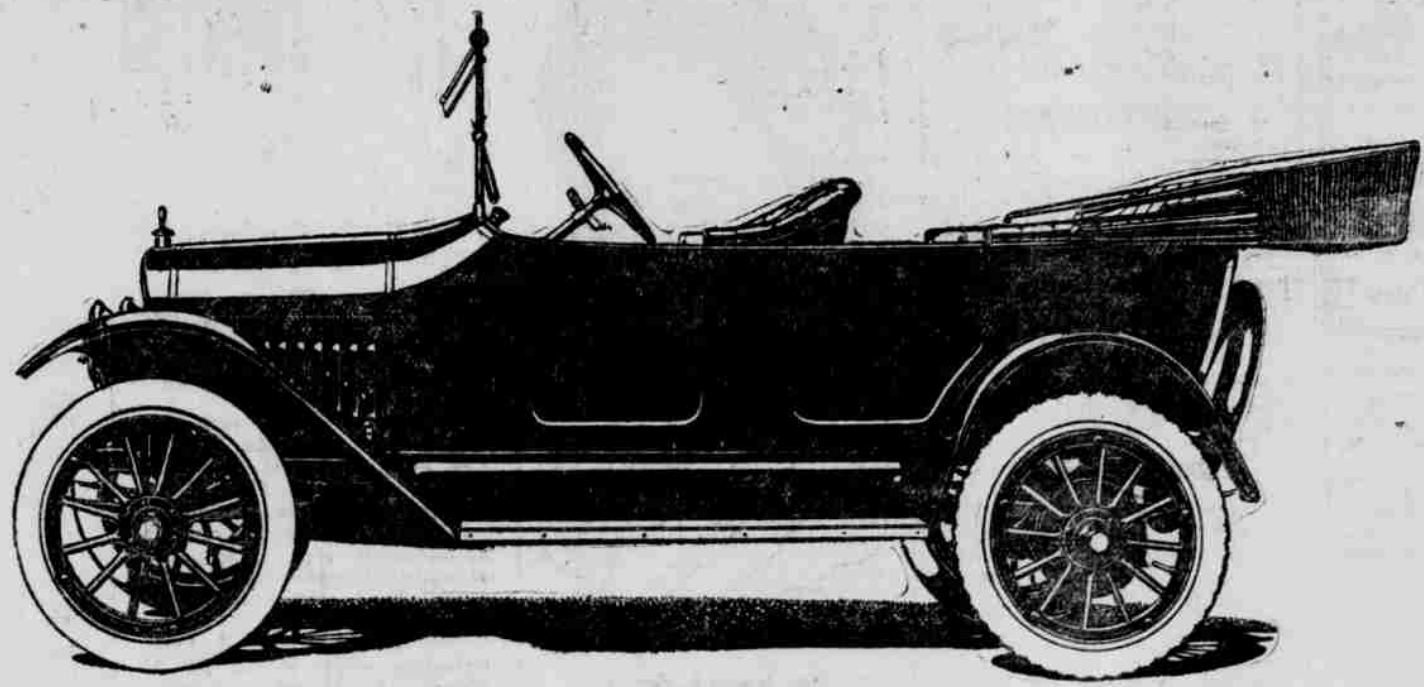

CHICAGO, May 28.—Loyalty of Germans to the United States was declared today at a representative gathering of Germans from all over the country. A "creed" was submitted by the German American Newspaper Publishers association in which it was asserted that the Germans might be hypocritized Americans, but their Americanism is unhyphenated. The "creed" presented at the meeting will be acted on at another meeting to be held tomorrow.

The principal features of the "creed" are:

An adequate preparedness based on patriotism; American ships for foreign commerce; maintenance of the Pan-American canal free to American ships; insistence by America on freedom of the seas.

"Hire a little salesman at The Republican office. A want ad will see more customers than you can."

What Do You Know About The Maxwell Car?

THIS is the time of the year when more people are considering the question of "what car to buy" than at any other time of the year.

This community has its full share of people who will soon be driving their first car or a new car to replace the old one.

Now, we know that we are going to sell Maxwell Cars to a great many of these people—depending upon how many we are able to acquaint with the merits of the Maxwell.

The generous value offered in the car is so evident—its past record is so full of good performance—owners speak so well of it—that when the buyer knows these things, he is eager to buy a Maxwell.

In order to tell as many people as possible about the merits of the Maxwell Car we are going to spend a lot of money in the next few weeks in this paper advertising Maxwell merits to those who do not know them.

The reason—we want to sell as many Maxwells as possible this season. Our future allotments will depend upon how many Maxwells we sell now.

You may know that the Maxwell market is a buyer's market, not a seller's market—broadly speaking. The demand for Maxwells the country over is greater than the supply.

For this reason cars are allotted to dealers by the factory according to the size of the dealer's business.

We want to make a showing and be in a position to get a generous allotment of Maxwells hereafter. Because the more Maxwells are sold in any community, the greater is the future demand. We realize the opportunity to do an ever-increasing Maxwell business.

This is only the first of the several messages we are going to print—a few days apart—concerning the Maxwell Car. But we don't expect to be able to adequately present Maxwell merits in printed words alone.

If you are one who is going to buy a new car you will find it decidedly to your advantage to find out all you can about the Maxwell before you place your order.

Come in and talk it over with us and let us demonstrate the car to you. Then, don't take our word alone, but ask those who now own Maxwells.

Get "posted" about the Maxwell and you will realize more satisfaction and get more "value received" for your motor car money than ever before.

And we are just as willing to have you investigate other cars just as fully as you do ours. The Maxwell will not suffer by the comparison.

Why not start your Maxwell investigation today?

PERSHING'S MOTORCYCLE SQUAD DOES GOOD SERVICE IN MEXICO

The motorcycle squad attached to the expeditionary force has been of great assistance to General Pershing in his pursuit of Villa. The motorcyclists are sent ahead to do scouting and help in transmitting important messages and dispatches. The photo was taken at brigade headquarters, "somewhere in Mexico."
